## Scope for Improvement

Formats for Manufacturing Unit
Format No.:
MARKETING
Communication with Customers, Customer Satisfaction, Timely Delivery and sales after services
DANAMATERIAL I CONCUMARIE COORS
RAW MATERIAL   CONSUMABLE GOODS  Raw material Receiving, Incoming Raw material Inspection, handing, Storage and safety
Than material receiving meeting have material inspection, narraing occorage and outcop
EQUIPMENT AND MACHINERY
Equipment / machinery / Instruments / Devices – Handing, Operating, Movement, Storage, Maintenance and safety requirements
MANUFACTURING (C. 1) F. LILL P. C. 1
Manufacturing Process (Interactions & Sequences), Establishment, Process stage wise inspection, Cost Reduction, Reduction in wastage, Respective use of resources
HUMAN RESOURCES
TIOT WIT RESOURCES
QUALITY
Quality Assurances, Quality Control – in-process quality control, sampling inspection, testing, Results analysis, third party
communication and balances, approval methods, test certification, standardization
PACKING
Packing Material, Reduce use of Packing material, minimize wastage & resources, flexible packing
DISPATCH Communication for transpiration, timely delivery, documentation
Communication for transpiration, timely derivery, documentation
EXPORT
Export management plan, Strategy of export, Quality system & export, Balance of Domestic sales and export
